## Getting to know YOU:

### **What drew you to early learning?**

I was drawn to early learning at a very young age when I discovered that I had a natural ability to listen and understand children in such a way that both encourages learning and the rewarding experiences of watching children learn and grow.

### **How do you hope to influence a stronger early learning system for Washington?**

I hope to influence the early learning system by providing a voice for the Early Learning professional and the children and families we serve.

### **What was your first job?**

My first job was babysitting which in turn became a full time nanny position.

### **As a child, what did you want to be when you grew up?**

As a child I wanted to be a special needs teacher.

### **What is your favorite childhood memory?**

My favorite childhood memory is when my mom would take myself and my three younger brothers out for a drive to other neighborhoods and then to get ice cream afterwards.
